

Material Safety Data Sheet

According to ISO 11014, OSHA 174

I. Identification of Substance and Manufacturer

Supplier Name: AURUM sp. z o.o. Chemicals sp.k.
Product Name: PE compound TP
Article Name.: EcoLine
Producer Name: **Happy Gifts Europe Sp. z o.o.**
41-902 Bytom, ul. Pszczyńska 2

II. Composition/Information on Ingredients

Chemical Characterization/Description:
Components

Ingredients	CAS Number	%
Polyethylene	9002-88-4	90-81
Aluminium from Tetra Pak recycling	7429-90-5	10-15
Additives	Multiple	0-4

Description: Polyethylene charged Aluminum

Hazardous Components: No hazardous or toxic components.

III. Declaration

1. It is further declared that post-consumer recycled material is now at the end of it's life cycle.
2. It is further declared that any pre-consumer recycled material is the natural wastegenerated by a normal and efficient manufacturing process.

IV. Details of origin of material:

Material obtained by the recycling process PE/Al coupled packaging (food and beverage cartons) after fiber removal made by the papermill and is 100% coming from Tetra Pak Recycled.
